

PolarPad™

HEAVY DUTY HVAC PADS

RUGGED, RELIABLE & IMPACT RESISTANT...

Start Strong with PolarPad

Condenser installations begin better with PolarPad. The PolarPad is a plastic pad engineered and designed as a base for HVAC equipment. The pad is injection molded from polyethylene, which is durable, strong, and lightweight. The unique design has strong, uniform ribbing along the underside. The pad is molded with a texture along the top for traction, and rounded edges on the sides to give a clean concrete look and feel.

Unparalleled Durability, Perfectly Level, and 90% Lighter Than Concrete Pads... and That's Just the Tip of the Iceberg.

PolarPad™

HEAVY DUTY HVAC PADS

A LOT BELOW THE SURFACE...

PolarPad vs. The “Competition”
